

## 07 *fancy* STONES & settings

Fancy Stones are offered in numerous shapes ranging from classical gemstone inspired cuts to progressive trend cuts. They come in a huge assortment of different sizes and colours. Showing either a faceted or flat reverse side, Fancy Stones can be glued into pre-cast cavities or used in metal settings. Their precision cut facets assure the highest brilliance and endow design ideas with a unique sparkle.

Settings are unplated brass components, each specifically tailored to a Fancy Stone, that secure the crystal and allow for a myriad of application possibilities including but not limited to sewing, soldering and gluing. Additionally settings can be plated and are easy to work with.
